

Chandler Elementary

11/21/2021

- Happy Thanksgiving! No School this week. School resumes Monday, November 29.
- Covid testing on Monday this week. We had zero positives from testing this past Monday.
- Covid testing during our week off is not required. Students will have their next Covid test when we return on November 29th. Students who miss testing more than two week in a row may need to have a rapid test and a PCR test. If you are interested in still having your child tested during this break appointments can be made for Pacoima or Monolux through dailypass.lausd.net.
- Covid vaccines are now available for children ages 5 and up. At the present time there is not a mandate for children ages 5-11 to get vaccinated. We do not know yet if this will change. If you choose to have your child vaccinated, please upload the vaccination records at dailypass.lausd.net. Students who are fully vaccinated do not have to quarantine if they are a close contact unless they are experiencing Covid symptoms.
- When our campus reaches an 85% vaccination rate students will not need to wear a mask outdoors.
- The school experience survey is now open. Parents please complete the school survey at <https://achieve.lausd.net/Page/8397> and then select the appropriate blue button.
- Please remember that students should not be absent from school for more than 7 days in one school. Of course if students are quarantined, or have COVID this does not apply, but otherwise students should be in attendance.
- Each parent reviewed a copy of their students report card during their parent conference. In an effort to save time and money, report cards were sent home with students at the end of this last week.
- Upcoming Calendar reminders:
 - December 9 School Site Council
 - December 13 Book Fair Starts
 - December 13 ELAC meeting
 - December 20 First Day Winter Break
 - January 10 School Resumes
